To whom it may concern,

I am writing this letter due to my professional concern for the health of Abdulhadi Alkhawaja. He has for the last weeks had severe problems with his right eye. He is experiencing pain in the right side of his head and around his right eye and has severely reduced vision in this eye.

He is thus experiencing symptoms that are consistent with severe eye disease that needs immediate attention by an Ophthalmologist. Untreated this can lead to lasting reduced vision. I urge you to ensure that he gets an appointment with an Eye doctor without further delay.

I thank you in advanced for your understanding of the importance of this matter for the health of Abdulhadi Alkhawaja.

Yours sincerely,

Cecilie Bredrup, MD PhD
Consultant Ophthalmologist
